

**Hospital . . .**  
(Continued From Page 1)  
State Department of Public Health, a routine procedure, Monsignor O'Dwyer pointed out. The proposed 145-bed facility will be located at the northeast corner of Earl st., and Torrance blvd. The 10-acre site is considered ideal from every angle, the

monsignor explained, since it is in the heart of Hospital Service Area 66, according to a state division of areas. Financing of the hospital has been undertaken under terms of the Hill-Burton act, with three-way participation by federal government, the state of California and the sponsoring organization. Next step is an appeal for financial support to raise the local share of funds. The campaign will get under way August 13. Construction is expected to begin about the first of the year, with completion anticipated in January 1958. The architect is beginning work immediately on final plans.

**Photo Contest . . .**  
(Continued From Page 1)

will be as follows: First, \$25 cash; second, \$15 (in merchandise — photo supplies); third, \$10, (in merchandise — photo supplies.) Prizes in the semi-professional division will be as follows: First, \$40 cash; second, \$30 (photo supplies); third, \$20 (photo supplies). Anyone living within the circulation area of the Torrance Press is eligible to enter. Contestants must submit their photos to the Torrance Press no later than Monday noon. The Torrance Press is located at 1406 Cravens ave. Photos submitted after the Monday noon deadline will be considered among the following week's entries. Individuals may enter one picture a week (in one division only). Finalists, however, may

after the first crews return to bring the open hearth furnaces back to charging heat, and another eight hours after charging to pour the first heat. About 32 hours will be required to bring the ingot and billet furnaces up to operating temperatures so the 22-inch and 36-inch rolling mills may be put into service. Normal steel shipments are expected to be resumed about 24 hours after full production starts, a company official said. Shipments will include hot rolled strip bars, and steel plates and tie plates. not enter any more pictures. Photos should contain name, address, phone number, type of camera, film and exposure used, as well as a title for the picture.

**Dog Bite . . .**  
(Continued From Page 1)

South Bay Humane Society said that about 1150 dogs were vaccinated at the three public clinics held here during the first three weeks of the licensing period. However, of the 7000 dogs in Torrance, half have not been vaccinated yet, she estimated. Mrs. Fallon said that being shouldered with the responsibility of keeping records of the rabies vaccinations has placed a financial burden on the Humane Society which has proved costly and inconvenient. She said her deputies have found it difficult to enforce the law and asked that the city take steps in prosecuting a few violators. If they were taken to court and a few stiff fines (up to \$500 and/or six month in jail) were levied, the rest of the individuals would probably be more willing to comply with the law, she said.

**Shacks . . .**  
(Continued From Page 1)

these houses for three years now," Mrs. Zar said. "It seems to get worse every year. Four of the houses are vacant. The State actually owns 30 of them. They said they'd be removed when the new freeway comes through here. In the meantime, kids are wearing a path to these

houses through the weeds." City Manager George Stevens said that the city would see to it that the weeds are removed and that the State would be charged for the expense. The rest is up to the State. Stevens "guessed" that the State would remove the shacks if they were vacant and beat up enough. He said it would probably be another 10 years until the freeway goes through.

(Continued From Page 1)  
lice stop the car by throwing a rock at Addison and when it reappeared upon circling the block, throwing a closed pocket knife at him. Deputies finally cornered their man at 262nd st. and President where the two cars collided. Addison pleaded guilty to charges of driving in a willful and wanton manner with utter disregard for the safety of persons and property; speeding; ignoring stop signs and flashing red signals. He was fined \$83 by Judge John Shidler of the South Bay Municipal Court Monday.
